RE: Teaching Intervention to Improve Handoff for Student Nurses: A Pilot RCT and Correlational Study (H24-08019)

Dear Butler:

On behalf of Mercer University's Institutional Review Board for Human Subjects Research, your application submitted on 19-Sep-2024 for the above referenced protocol was reviewed in accordance with the 2018 Federal Regulations [21 CFR 56.110\(b\)](#) and [45 CFR 46.110\(b\)](#) (for expedited review) and was approved under category(ies) _6, _7 per 63 FR 60364.

Your application was approved for one year of study on 23-Sep-2024. The protocol expires on 22-Sep-2025. If the study continues beyond one year, it must be re-evaluated by the IRB Committee.
